# A Christmas Wish

## Context

A Christmas Wish is all about the excitement of Christmas on Christmas Eve.

This is a great story for using your imagination and talking about your favourite things about Christmas, in a multi-sensory way.

This story needs a little bit of thinking about ahead of telling the story - why don't you gather the resources together, so you can choose your favourite colour tinsel and make your own Christmas tree? Choose your favourite Christmas smells and get creative with how you will see the crackling fire.

We've create a video of all the props you'll need for this Sensory Story [here](#).

And you can watch a full version of this Sensory Story being performed by one of our leaders [here](#).
